

# Cambridge Teachers' Seminars 2018/19

## at Englisches Institut Köln, Gertrudenstr. 24–28, 50667 Köln

### *Introduction to Cambridge Exams: Cambridge Preliminary, First and Advanced*

***This seminar is intended for teachers who are thinking of introducing Cambridge exams into their schools or who have not yet attended any Cambridge seminars for these exams***

These are the most popular of the Cambridge exams being taken in NRW schools, from the 8<sup>th</sup> to the 12/13<sup>th</sup> class, but are also used and recognised in adult education, universities and companies. We will be looking at the different levels, the typical formats, task-types and assessment criteria, with some examples of classroom activities.

Participants will also find out about how Cambridge exams are organised and run at schools in NRW within the so-called „NRW Schulprojekt“, in co-operation with selected authorised exams centres.

**Presenter:** Simona Petrescu

**Friday 16 November 2018, 15h – 18.30h** incl. break with refreshments\*

**Friday 10 May 2019, 15h – 18.30h** incl. break with refreshments\*

### *Using digital tools for a better learning (and teaching) experience*

***This workshop is designed for teachers working with students at CEFR levels B1/B2/C1***

This seminar will familiarise participants with free digital teaching and learning, as well as course planning and tools provided by Cambridge English and other specialist suppliers. Participants will be provided with suggested activities suitable for students on their preparation course towards *Cambridge B1 Preliminary, B2 First or C1 Advanced*, and information on how to best use these online resources. The digital tools presented should give teachers the possibility to plan their preparation courses more confidently, as well as to add an element of novelty to their teaching.

This is an interactive workshop, so please bring your own laptop, tablet or smartphone and be prepared to try out the activities yourself.
